The Provision of Goods and Services to Persons with Disabilities

Fern Resort will make every reasonable effort to ensure that its policies, practices, and procedures are consistent with the principles of dignity, independence, integration, and equal opportunity by:

- ensuring that all guests receive the same value and quality
- allowing guests with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk to them or anyone else
- using alternative methods when possible to ensure that guests with disabilities have access to the same services, in the same place, and in a similar manner
- taking into account individual needs when providing good and services
- communicating in a manner that takes into account the guest's disability.

Assistive Devices

Guest's own assistive device(s):

Person's with disabilities may use their own assistive devices as required when accessing goods or services provided by Fern Resort.

In cases where the assistive device presents a safety concern or where accessibility might be an issue, other measures will be used to ensure the access of goods and services.

For example: a guest with oxygen is to be seated near the fireplace in the dining room. In this case the person must be moved to a location that is far enough away from the fireplace to not pose a risk to themselves or any other guests. Or, since elevators are not present at the resort we need to make every reasonable effort to provide guests with assistive devices, a room that is easily accessible.

Assistive devices provided by Fern Resort:

The following assistive devices are available, on a first come first serve basis and upon request, to assist guests in accessing our goods and services:

- wheelchairs
- bath chair
- bath bench
- handle that attaches to the side of a tub
- raised toilet seat

Guide Dogs, Service Animals, and Service Dogs

A guest with a disability that is accompanied by a guide dog will be allowed access to premises that are open to the public unless otherwise excluded by law. A guest with a disability that is accompanied by a service animal or service dog will be allowed access to the premises that are open to the public if they are able to produce a note from a Doctor or a Nurse stating the need for the animal. In these cases the “no pet” policy will not apply.

Food Service Areas

A guest with a disability that is accompanied by a guide dog or service dog will be allowed access to food service areas that are open to the public unless otherwise excluded by law. Other types of service animals are not permitted into food service areas due to the Health Protection and Promotion Act, Ontario Regulation 562.

Exclusion Guidelines

If a guide dog, service animal or service dog is excluded by law (see applicable laws below) Fern Resort will offer alternative methods to enable the person with a disability to access goods and services, when possible (for example, securing the animal in a safe location and offering the guidance of an employee).

Applicable Laws

The Health Protection and Promotion Act, Ontario Regulation 562 Section 60, normally does not allow animals in places where food is manufactured, prepared, processed, handled, served, displayed, stored, sold or offered for sale. It does allow guide dogs and service dogs into places where food is served, sold or offered for sale. However, other types of service animals are not included in the exception.

Dog Owners' Liability Act, Ontario: If there is a conflict between a provision of this Act or of a regulation under this or any other Act relating to banned breeds (such as pitbulls) and a provision of a by-law passed by a municipality relating to these breeds, the provision that is more restrictive in relation to controls or bans on these breeds prevails.

Recognizing a Guide Dog, Service Dog and/or Service Animal

If it is not readily apparent that the animal is being used by the guest for reasons to his or her disability, Fern Resort may request verification from the guest.

Verification may include:

- a letter from a physician or nurse confirming that the person requires the animal for reasons related to a disability
- a valid identification card signed by the Attorney General of Ontario
- A certificate of training from a recognized guide dog or service animal training school.

Care and Control of the Animal

The guest that is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all times.

Allergies

If a health and safety concern presents itself, for example in the form of a severe allergy to the animal, Fern Resort will make all reasonable efforts to meet the needs of all individuals.

Support Persons

If a guest with a disability is accompanied by a support person, Fern Resort will ensure both persons are allowed to enter the premises together and that the guest is not prevented from having access to the support person.

In situations where confidential information might be discussed, consent will be obtained from the guest, prior to any conversation where confidential information might be discussed.

All support persons will be required to pay the same rates as the disabled guest. If they are staying overnight it will be whatever the going rate is at the time for the package they are here for. If they are here on a day pass or for a meal they will pay the same rate that the disabled person is paying. Guests will be informed of this upon booking their room, dinner reservation, or day pass.

Notice of Disruptions in Service

Service disruptions may occur due to reasons that may or may not be within the control or knowledge of Fern Resort. In the event of any temporary disruptions to facilities or services that guests with disabilities rely on to access or use Fern Resorts goods or services, reasonable efforts will be made to provide advanced notice. In some circumstances such as in the situation of unplanned temporary disruptions, advance notice may not be possible.
