

THE  
**CONFERENCE CENTRE**  
AT FERN

## Idea Generators:

At The Conference Center at Fern, we know it is important to have everyone join in so we design activities with uncommon skill sets and everyone is on a common ground and are able to get involved!

### Paintball

This is not your teen agers paintball but paintball for the rest of us. Suit up in supplied coversals and get ready to build camaraderie like never before. On the two minuite ride to the course, plan your strategy, and heckle your opponants. Enjoy exclusive use of the paintball course with a few games with everyone able to participate at their own level. Then it is back together for the ride to the resort for even more heckling and fun!

### Amazing Race, Fern Style....

Avail yourself of the extesive facilities of the resort into one huge relay race that allows everyone to compete at a standard level. Score 6 baskets then race the peddle bikes around the track, climb the verticle playground and glide across the zip line then paddle your canoe, kyake or paddle board to the finish line across the bay.

### Big Toys for Big Boys

Ever wanted to play with big equipment . . . we have the dirt for you to move. Have our maintenance staff set up obstiacl course, for you to feness the pilons, pile a bunch of rocks, dig a whole here and pile it there!

### Scavenger Hunt

Good old fashioned scavenger hunts to acclimate your team to the resort and build new alliances. Incorporate some of your groups particulars into the hunt for added fun and productivity!

### Extreme High Ropes

We bring tree top trekking to a whole new level with our extreme high ropes course. Add in some low ropes as well if you would like we have that too.

### Fun Bonspiels

Hurry hard and get your teams together. Perfect for evening outdoor activitiy that keeps the activity level perfect for everone to join in!

### Our Favourite ...

We love being creative, working with you to tie in our expertise and extensive list of facilities to create an activitiy perfect for your event. .
